

# Professional Development Workshop for Early Years Educators

**Explore the profound impact of music, movement, and storytelling on young minds.**

Hosted by the creators of The Friends with Honey Musical Kids Show, this workshop promises to be both educational and entertaining. You'll learn about the significance of bees to our planet and food security and discover how to engage young minds on this topic through the magic of song and dance.

**SING. DANCE. LEARN.**

# Professional Development Workshop for Early Years Educators.

**Sing, Dance, and Learn.** The profound impact of music, movement, and storytelling on young minds - insights from the creators of 'Friends with Honey Musical Kids Show'.

Join us for an immersive workshop experience centered around the theme of 'Sing, Dance, and Learn,' where we'll explore the profound impact of music, movement, and storytelling on young minds. Hosted by the creators of The Friends with Honey Musical Kids Show, this workshop promises to be both educational and entertaining.

Throughout the session, we'll take you on a journey through the creation process of our Musical Kids Show, from its inception to the release of our Album on World Bee Day - a year-long endeavor full of passion, dedication, and important lessons. We'll learn about the significance of bees to our planet and food security and discover how to engage young minds on this topic through the magic of song and dance.

Our goal is to make learning about vital topics like sustainability, biodiversity and pollination enjoyable and memorable for both educators and their students. Learn how to effectively incorporate bee-education messages into your teaching in a deliberate and engaging manner.

Gain insights into interpreting and teaching the valuable lessons embedded within our songs, touching upon themes of sustainability, education, and the role of music and dance in reinforcing these vital messages for young minds.

Presented by Benny and Helen from Friends with Honey, this workshop is a testament to their shared passion for bees, dance, storytelling, and music.

**Cost:** \$750 for presentations in the Metropolitan Melbourne Area.
